EDU FAIR 2026

THE 60-SECOND CHALLENGE!

A quick, fun quiz game for everyone — from Grade 1 students to parents and teachers!

Created & designed by JOSHITHA Grade 6B

About my project

For our Edu Fair I built a **60-second quiz game** that runs on a tablet. Type your name, pick your level — **Easy, Medium, Hard** or **Mixed** — choose a game and answer as many questions as you can before the clock runs out. Every answer shows a quick fact, so you learn even when you get it wrong! At the end, earn up to three stars, **snap a photo** and **print your own keepsake receipt**. It even works without the internet.
